SUMMARY

Motivated data science undergraduate with a strong interest in data science and software development. I have hands-on experience with academic and personal projects using Python, SQL, and web technologies. I am eager to learn, gain industry exposure, and contribute positively as an intern.

EXPERIENCE

TRAVELWISE - TRAVEL RECOMMENDATION WEB APP

(DESCEMBER 2025- present)

- Developed an AI-powered travel planning web application using Next.js and React
- Integrated AI APIs to generate personalized travel itineraries based on user input
- Used Google Places API to fetch real location and destination data

JOBFINDER - JOB PORTAL WEB APPLICATION

(Novermber2025- DECEMBER 2025)

- Developed a full-stack job portal web application using Flask and SQLite database
- Built comprehensive recruiter dashboard with job posting capabilities and application tracking features
- Integrated Tailwind CSS for responsive UI design with custom brand colors and modern styling

EDUCATION

BSc (Hons) in Information Technology – Specializing in Data Science

Sri Lanka Institute of Information Technology (SLIIT)

Expected Graduation: 2027 [Current: 3rd Year 1st Semester]

ACHIEVEMENT & CERTIFICATIONS

- introduction TO Data Science - Sysco

SKILLS

- Problem Solving
- Self-Learning
- Project Management
- Documentation
- Analytical Thinking
- Time Management
