SUMMARY

Motivated data science undergraduate with a strong interest in data science and software development. I have hands-on experience with academic and personal projects using Python, SQL, and web technologies. I am eager to learn, gain industry exposure, and contribute positively as an intern.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++

Data Science & Machine Learning: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

Web Development: Streamlit, Flask, HTML, CSS, React, Node.js, Express.js

Databases: MySQL, MongoDB, PostgreSQL

Tools & Platforms: Git, Docker, VS Code, Postman Software

Development: Object-Oriented Programming (OOP), MVC Architecture, REST APIs, Agile Methodologies, Basic CI/CD

PROFESSIONAL EXPERIENCE

GradeSense— Student Performance Prediction System

(January 2026- present)

- Developed an end-to-end machine learning web application using **Python, Scikit-learn, and Streamlit**
- Built an interactive interface to predict student final grades based on academic and attendance data
- Added data visualization features including student progress charts (G1 → G2 → Predicted G3)

JOBFINDER - Job Portal Web Application

(November 2025- DECEMBER 2025)

- Developed a full-stack job portal web application using Flask and SQLite database
- Built comprehensive recruiter dashboard with job posting capabilities and application tracking features
- Integrated Tailwind CSS for responsive UI design with custom brand colors and modern styling

SAFEZONE - Disaster Management System

(September 2025- November 2025)

- *MERN stack disaster management web application*
- *Real-time user location & nearby disaster visualization on maps*
- **REST APIs, MongoDB** geospatial queries, interactive React Ui

- Full-stack crypto analytics & prediction web application
- Real-time market data ingestion and next-candle price prediction
- **REST APIs with FastAPI, time-series ML models**, interactive React charts

EDUCATION

BSc (Hons) in Information Technology – Specializing in Data Science

Sri Lanka Institute of Information Technology (SLIIT)

Expected Graduation: 2027 [Current: 3rd Year 1st Semester]

SOFT SKILLS

- Problem Solving
- Self-Learning Project
- Management
- Documentation
- Analytical Thinking
- Time Management
- Teamwork
